6TH FSA

Although students will be learning both 6th grade math and the Pre-Algebra curriculum, they will be taking the 6th Grade Math Florida Standards Assessment (FSA) this school year. More information regarding the exam will be shared throughout the school year.

CLASS WEBSITE

Make sure to sign up for my class on the Mater Lakes website. I will be posting homework assignments regularly and important information throughout the year. This includes additional resources, instructions, and tutoring information.

ATTENDANCE

Students' attendance is crucial as we are on block schedule and the curriculum is advanced. An absent student is responsible to obtain the information/topic covered during their absence. Any work completed during an absence will be placed in the period's "Extras" drawer. It is the student's responsibility to obtain the correct make-up work and turn in for a grade. Students will receive a Z in the grade book until the work is turned in. Attendance plays a big role on understanding and retaining the class information and may affect a student's overall content knowledge and grade.

CLASS MATERIALS

- Binder
- Line paper
- At least 5 divider tabs
- Pencils and colored pens
- Scientific Calculator

GRADES

40%	Summative Assessments
30%	Formative Assessments
20%	- Guided classwork - MathXL
